 *Crystal Nails®*

# THE TREND COLOR OF 2021'S SPRING/ SUMMER IS THE **LISIANTHUS**

The lisianthus is a stunning, very romantic pale pink shade. Nice, soft, and neutral color that looks wonderful in the spring-summer period. It is great to use as a base color because it allows other colors to stand out next to it.

Choose the **3S149 Candy Rose CrystaLac**, the **R171 Quince Royal Gel**, or the **Aurora Top Gel** based on the all time favorite **3S42 Asters**, and we recommend the shade of **Diva Glitters 3** from our nail art products.

## Our different types of novelties in the color of the lisianthus

NEW! 3 Step CrystaLac 3S149 Candy Rose

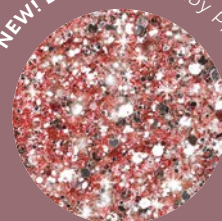

NEW! Royal Gel R171 Quince

Color of the  
Year 2021

Illuminating

The Pantone Color Institute has chosen two colors of the year for the second time. In 2021, a soothing shade of gray and a bright sun yellow became the trend colors of the year. This year's dual-color choice carries a message of strength and hope, as the two colors together are both uplifting and memorable.

## 3 STEP CrystaLac trend colors of 2021 spring/summer

**The new 3 STEP shades are dressed in extremely light pastel colors for the spring season, which your clients will not be able to resist either.**

The 3S149 Candy Rose and the 3S150 Candy Violet represent the more feminine line, while even your more extravagant clients won't be able to resist the 3S151 Candy Mint and the 3S152 Candy Blue. Use them during the wedding season for an unusual effect!

## NEW! Aurora Top Gel

**Non-cleansing, flexible, colorful sparkling top gel.**

It contains beautiful, multi-colored flakes and glitters that go well with any base color. Interestingly, the glitters are in different sizes, but they're very thin, so they fit nicely into the surface of the nail.

## Royal Gel trend colors 2021 spring / summer

### Non-cleansing color gels in 1 layer.

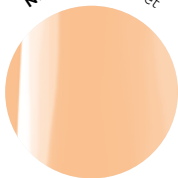

The amazing colors of the spring are here! The R170 Sunset and the R171 Quince are charming us as our season starting trend color inspired by one of the Color Of The Year, the Illuminating Yellow. We're matching the mint shade of R172 Spring Sprout and the light bluetone of the R173 Fresh Sky for the blooming nature.

Cure time: 2-3min (UV), 1-2min (LED).

## NEW! Diva Glitters

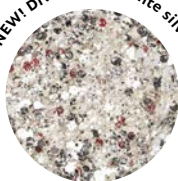

This is our new shining member of our decoration tools.

The Diva Glitters are merging the glitters and sparkles in a new, metallic way.

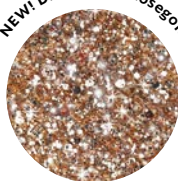

This product will shine on your clients' nail and make them Divas.

**CN Advise:**  
dab them into a sticky  
layer or mix them up  
with Compact Base  
Gel Clear and apply  
to the surface. You  
cannot get enough of  
sparkling!

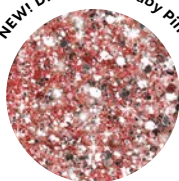

NEW! Diva Glitter White silver

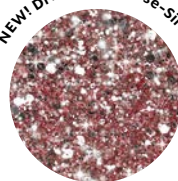

NEW! Diva Glitter Rosegold

NEW! Diva Glitter Baby Pink

NEW! Diva Glitter Rose-Silver

## NEW! FLASH Glitters

**Amazing, special, never-before-seen glitter!**

This magnificent light-reflecting sparkling powder is flashing under natural light, as the slightly shimmering surface of the water reflects the sunlight. But the most important feature is, you don't necessarily need the bright light to admire this amazing sparkle: this fascinating product can reflect the minimum amount of any light, so you can enjoy the shining when it's not too sunny as well. We recommend you to use it with the Sugar Effect technique for reach more magical results, also we suggest to use the following gels for a base to this impressive sparkling powder: Gem Glue Gel, Compact Base Gel Clear, Cool Top Universal or Cool Top 4Dark. Apply one of these gels on the surface of the nail, and without curing, sprinkle the powder onto the material and cure it. You don't need a top gel for this product. We have 4 popular colors: Silver, Rosegold, Pink, Turquoise

# NEW! Crystal Nails NOVA Rhinestones

**Crystal Nails' own branded rhinestone product line replaces discontinued Swarovski stones. Nova Crystal color-changing glass rhinestones which you will be able to apply with glue gel or tip glue.**

You will find 100 rhinestones in the elegant black jar. For the application of flat-bottomed stones, we recommend tip glue or Gem Glue Gel, cure the latter in a UV lamp for 2-3 minutes, in an LED for 1-2 minutes! To keep it from protruding from the plane, you should file the surface of the nail a little flatter (but not filing the C-curve) so the rhinestone lies better on it. Available in a total of 12 colors, 3 sizes per color (SS3, SS5, SS8).

**SIZES:** (There is one size in one jar.)

**NOVA  
CRYSTALS**

**CN Advise:** Contour the contiguous patterns (where many rhinestones come together) with top gel by a 0 Short brush for more lasting results.

## NEW! Swarovski Collection

**Our beloved Swarovski Collection selections come back in 2 spring mixes (stones in different sizes and colors in one jar).**

The Spring Flowers collection will shine in the colors of pink, blue and silver, while Emerald Lux will amaze your clients with the elegance of emerald gemstones and gold!

# NEW! Spring-summer collections- 3 STEP CrystaLac and Royal Gel

**A selection of novelty colors in two pastel shades in a box shimmering in beautiful rosegold and sparkling shades, which can be transformed to a display with a few gestures.**

Just take the bottles and the display crown out of the box and lay it down. Put the most popular colors of the Crystal Nails' spring-summer season on your table!

# NEW! LEDExtreme MINI UV/LED lamp

FROM APRIL

**Our latest device is our first UVLED lamp with a built-in fan function.**

The operation of the quiet fan cool down the UVLED bulbs, extending their service lifetime and it is a good help in the drying process of the air-drying materials. Make no mistake, our new lamp is a modified, improved version of our beloved LEDExtreme Party UVLED lamp. What's changed? It has been given a new snow-white look and fan function. What's remained? Reliable performance, digital display, motion sensor function, timing, touch panel, inner mirror surface bottom panel and small, clean exterior. Thus, our latest little lamp has been enriched with even more useful features. It is designed for medium use. Feel free to try.

- Features:**
- Power: max. 36W
  - UVLED: 21 pcs
  - Light wavelength: 365+405nm
  - Control: touch buttons and motion sensor
  - Timing: 10/30/60 sec and 99 sec.
  - Other extras: fan, digital display
  - Accessories: charger

There is no blind spot, the light reaches the nail from all directions in a way that does not disturb the eye

Motion detection function

Fan and digital display

FROM APRIL!

# RENEWED!

## CRYSTAL DUST Collector

**After many, many years, our beloved Crystal Dust Collector has been finally renewed.** Each device has a new, unique protective bar and a smaller collecting area. This way, the efficiency of extraction and the safety has increased. In addition, our renewed armrest has been given a new, one-handed, narrower look. It takes up even less space on the table and makes its placement much more practical. The reliable, simple operation of the devices with thick walls and washable dust bag remained unchanged. We continue to provide a 3-year warranty.

# RENEWED! LEDExtreme+ UV/LED lamp

**A new energy-saving function has been added to our favorite lamp: "SLEEPING MODE".**

The new function is activated automatically as soon as the device is not used for at least 30 minutes. To switch it on again, 2 keystrokes are enough. Thus, not only is it an essential helper at work but with the new function, it even minimizes unnecessary energy consumption. The sleek exterior, high performance, and popular features of our lamp have remained unchanged.

**Accessories:** 1 silicone top (white), power adapter.

# BESTSELLER

## Crystal Nails popular products

We have gathered for you the most popular Crystal Nails products that you can use during salon work or even in competitions. Plus, they can be easily combined with the novelties of the spring-summer season of 2021!

### Xtreme Superior Gel Clear

**A new generation Xtreme building gel also for file-free technology in a jar with a slightly purple shade, a material with a low heat generation formula that cures at a lower temperature.**

Crystal-clear, medium-density, easy-to-use Xtreme construction gel for fast work. Super strong, flexible, yet easy to file. A bendable gel that can also be used to create short and long nails. For the application, we recommend applying with a softer brush: 6 Gel brushes, Xtreme Gel brushes, Nero Merlo II. brush. Bending time in UV lamp 20-25 sec, in LED 8-10 sec. Curing time 1-2 minutes in LED lamp, 2-3 minutes in UV lamp.

5ml

15ml

50ml

### Cool Top Gel Universal

**Non-cleansing, soak-off, medium dense, durable and flexible and wonderful top coat.**

It can last even weeks, everyone loves it. It contains a blue UV filter, non-yellowing gel. After curing, you don't have to fix it. Recommended for gel or acrylic sculpted nails and on 3step or ONEStep. Cure time: UV lamp 2-3 minutes, LED 1-2 minutes.

4ml

8ml

13ml

### 3 STEP CrystaLacs

**Amazing colors in 3 steps!**

CrystaLac material provides the durability of color gels and working with this product has never been easier. Soft, spreading, high coverage and super pigmented shades to match the trend colors of the current season every year, these colors will quickly become salon favorites!

4ml

8ml

### Compact Base Gel

**Base gel and nail strengthener**

Soak-off, flexible and super dense nail strengthener gel, it's self-leveling and creates smooth surface. Despite its high density, it's easy to work with it. Features very strong adhesion which is perfect for a base layer. Enhances the durability of the nail strengthener but also could be used for creating the C-curve, fixing curved nails for sculpting nail extensions using nail forms.
